Thank you for choosing Campbell Chiropractic! It is our desire to help you achieve and maintain the healthiest lifestyle possible. Please feel free to ask us about any and all issues concerning your care.

Our office is open: Monday, Tuesday & Thursday 9-1, 3-6. Fridays 9-1. Saturdays by appointment only. Closed on Wednesday & Sunday.

Our initial office visit involves a thorough head to toe exam. The doctor will evaluate you on chiropractic, orthopedic and neurological levels. We do take x-rays in this office if needed. Please bring with you any recently taken x-rays for the doctor to review. After your exam, the doctor will explain what you need, and how chiropractic care can benefit you. Your first adjustment will be given on the first visit unless your condition indicates otherwise. Doctor Raylene uses a "hands-on" approach and will explain every step to you during your treatment. Other modalities are available for your care if needed. Dr. Raylene is also versed in many different techniques to specifically treat your condition.

A financial policy is a necessary part of any business. It is our desire to operate as efficiently as possible. Our fees are competitive and we offer insurance filing of claims.

For accounts without insurance, we expect payment in full at the time of treatment.

If you have insurance, all deductibles and co-payment amounts are due at each visit. If your insurance cannot be verified prior to your visit, we require full payment on your first visit. We are happy to help you with your insurance claims. However, we ask that you remember that you are ultimately responsible for understanding your own policy. We will call to verify your insurance coverage and co-pay amounts as a courtesy to you, but we cannot be responsible for the information given to us by your insurance provider. Please refer to your insurance booklet to verify your coverage limits. Knowing the specifics of your policy will help you make informed health care decisions. Please be aware that if a service is denied we are obligated to bill you for that service. All payments are due upon request.

Any amount not paid to us within 60 days by an insurance company will automatically be billed to you for prompt payment. If an insurance payment is received after you have paid, we will gladly apply it toward any additional treatment or refund your money if your account has a zero balance. A finance charge and late fee will be added monthly once the account becomes past due.

We accept cash, personal checks, Visa, MasterCard, and American Express. There will be a $25 charge for any check returned for insufficient funds.

Please let us know if you have any concerns, questions, or comments and our staff will gladly assist you.
